Company Profile

End-to-end **Engineering, Qualification, Validation and Compliance** Solutions for the Pharmaceutical & Life Sciences Industry.

500+

Projects Delivered

250+

Qualified Professionals

100+

Sites Supported

10+

Years of Experience

OUR JOURNEY & MILESTONES

EXPANSION

- Facility Expansion
- CQV Division Established
- Enhanced Engineering Services

END-TO-END PROJECT DELIVERY

- Turnkey Projects Launched
- 20+ Pharma Projects Delivered
- One-Stop Validation & Engineering Solutions

ACCELERATING GROWTH

- **IncepOne™** Enhanced
- Global Expansion
- Customer-Centric Growth

10+

Years of Experience

500+

Projects Delivered

Sites Supported

250+

Qualified Professionals

2016

2018

2020

2021 to 2022

2023

2024 to 2025

FOUNDATION

- Inception of IncepBio
- Introduced Validation & Testing Services
- Started serving Pharmaceutical & Life Sciences organizations

DIGITAL TRANSFORMATION

- Introduced CSV
- Supported Clients Through COVID-19
- Expanded Digital Compliance Solutions

LAUNCH OF INCEPONE

- **IncepOne™** Launched
- Digital Compliance Platform
- Powering Pharma 4.0 Operations

Pharmaceutical Manufacturing

- Oral Solid Dosage (OSD)
- Sterile Injectables
- API Manufacturing
- Vaccines
- Biosimilars
- Biotechnology Products

Medical Device Industry

- Medical Device Manufacturing Facilities
- In-Vitro Diagnostic (IVD) Facilities

Biotechnology & Life Sciences

- Biotech Startups
- Biopharmaceutical Companies
- CAR-T & Cell Therapy Facilities
- Research & Development Centers

CDMOs & Contract Manufacturing

- Contract Development & Manufacturing Organizations (CDMOs)
- Contract Research Organizations (CROs)

Healthcare & Medical

- Hospitals
- Healthcare Facilities
- Diagnostic Centers
- Clinical Research Organizations (CROs)

Laboratories & Research Facilities

- QC Laboratories
- Microbiology Laboratories
- R&D Laboratories
- Testing Facilities

Semiconductor Manufacturing

- Semiconductor Fabs
- Microelectronics Facilities
- Wafer Processing
- Packaging & Assembly

Aerospace & Defense

- Aerospace Manufacturing
- Defense Production
- Space Technology
- Precision Engineering

IncepOne™ enables end-to-end digital validation workflows with complete traceability, data integrity, and audit readiness.

Paperless Validation

Digitize and streamline validation documentation

Electronic Records

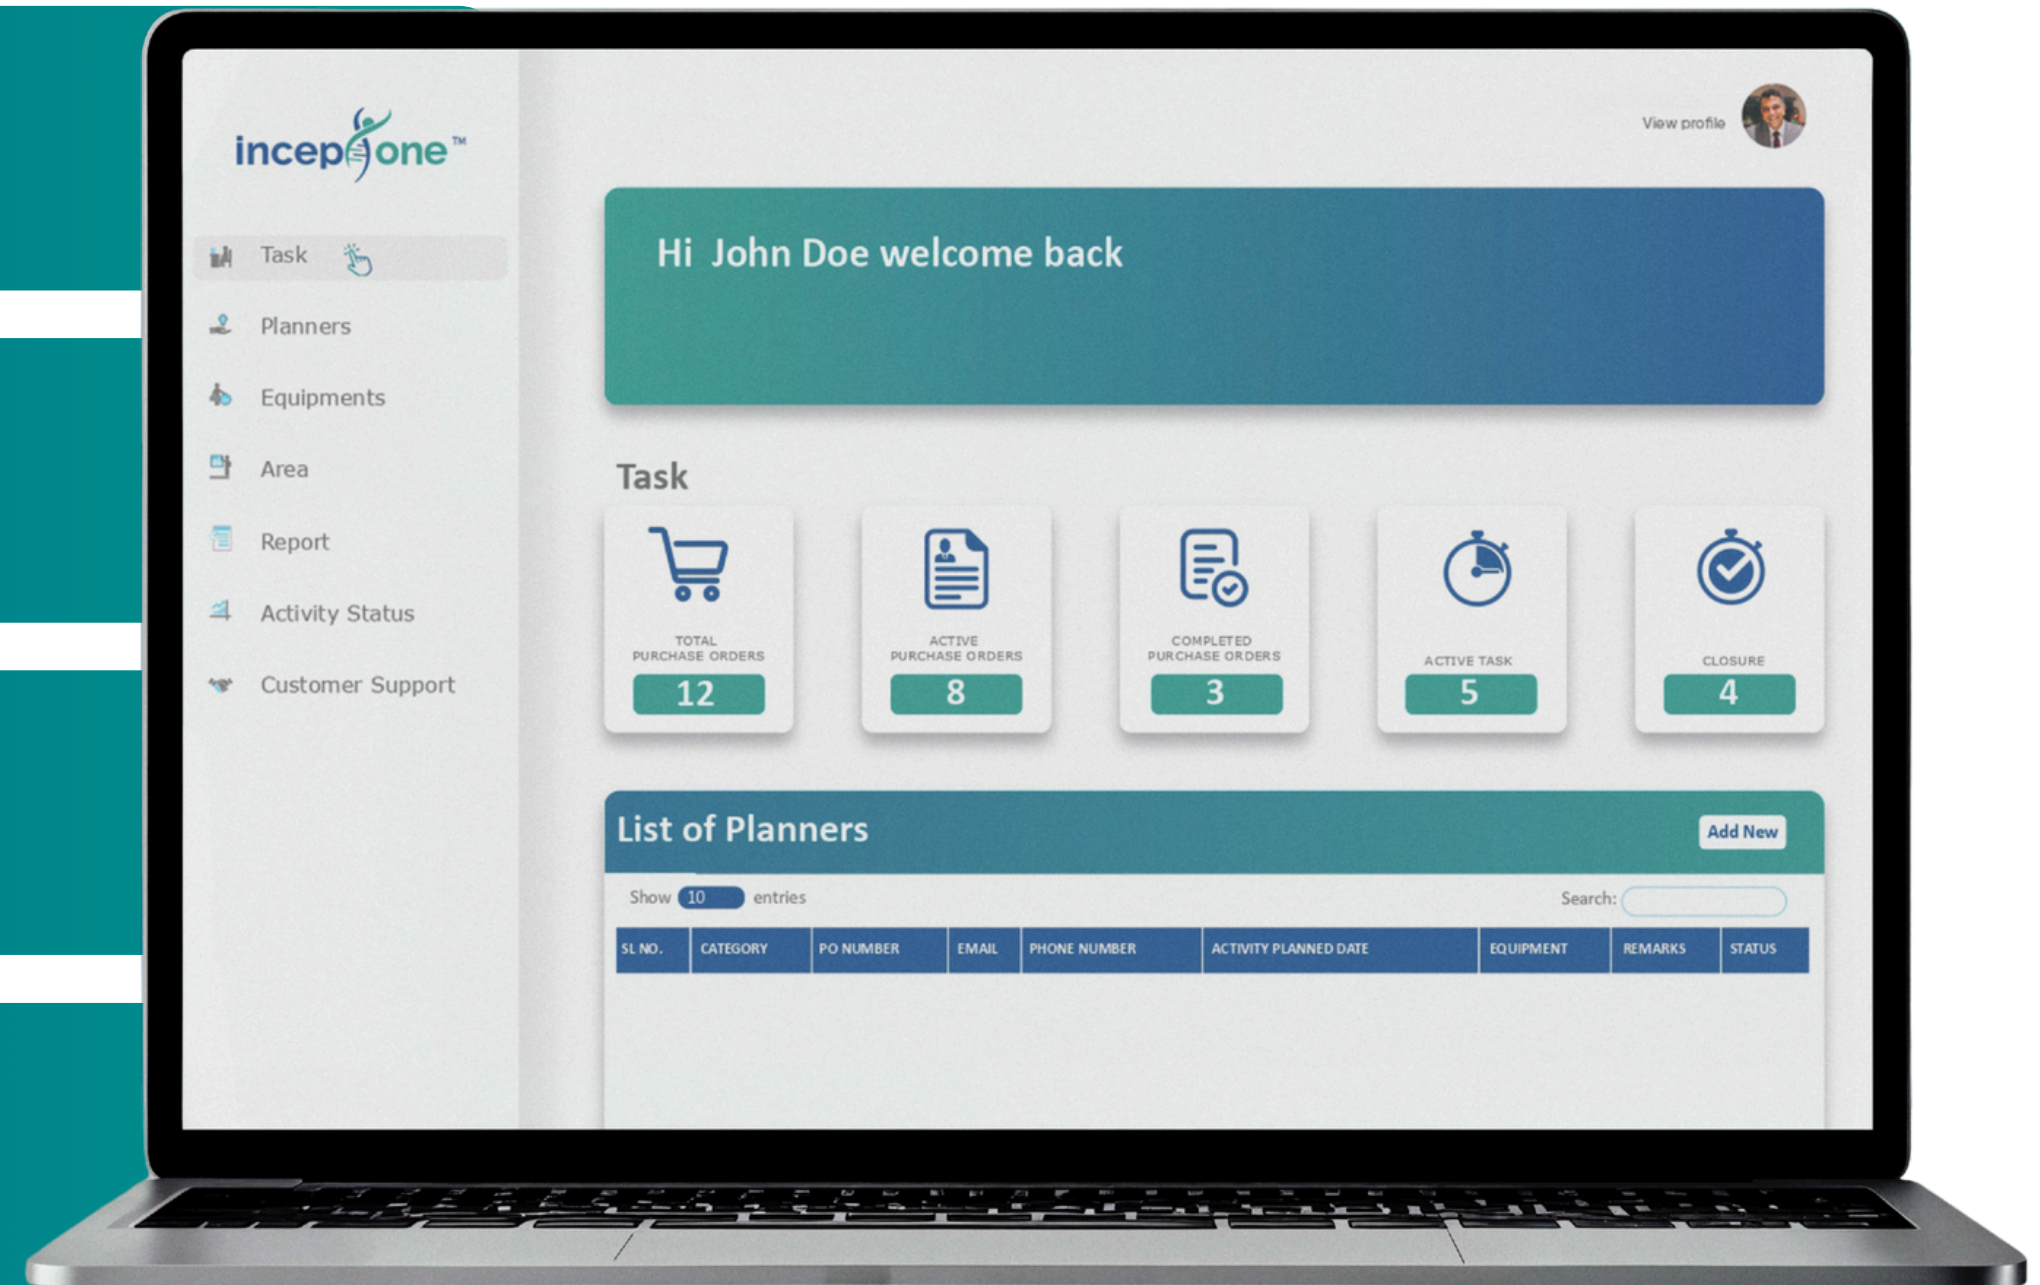

Centralized, secure & controlled records

Digital Signatures

Faster approvals with secure e-signatures

Audit-Ready Compliance

Complete traceability and easy audit access

Dedicated Resource | Resident Engineer |
Project-Based | Remote | Hybrid

The Shift Toward Continuous Compliance

- Extends your Engineering & Quality teams
- Transforms validation from periodic support to continuous compliance
- Provides expertise, resources, and real-time compliance support

CORE VALIDATION AREAS

- Cleanroom & HVAC – Airflow, HEPA, Pressure, Particle Monitoring
- Thermal Validation – Autoclaves, SIP, Depyrogenation, Temperature Mapping
- Equipment & Environmental – Requalification, EM & Periodic Reviews
- Validation Consulting – Planning, Lifecycle Strategy & Documentation

CONTINUOUS SUPPORT

- Annual Validation Planning
- Routine Requalification
- Documentation & CAPA Support
- Vendor & Audit Coordination

People + Expertise + Equipment + Continuous Support + Digital Governance

WHAT WE DO

End-to-End Solutions for Compliant, Reliable
& Efficient Operations

WHY INCEPBIO

We don't just deliver services. We deliver confidence, compliance and long-term value

EXPERIENCED PROFESSIONALS

250+ skilled professionals with deep domain expertise in CQV, CSV, Validation, Engineering, and Compliance.

REGULATORY COMPLIANCE

Strong focus on cGMP, EU GMP, US FDA, WHO, PIC/S, and other global regulatory requirements, ensuring audit-ready outcomes.

GLOBAL STANDARDS

All services aligned with global standards such as ISPE, ASME, GAMP 5, ISO, and industry best practices.

CUSTOMER-CENTRIC EXECUTION

We listen, understand, and collaborate closely to deliver solutions tailored to your goals with transparency.

FAST TURNAROUND

Agile execution models, optimized resources, and proven methodologies to meet tight timelines.

END-TO-END OWNERSHIP

- From concept to compliance – we own the entire lifecycle, ensuring accountability and seamless project delivery.

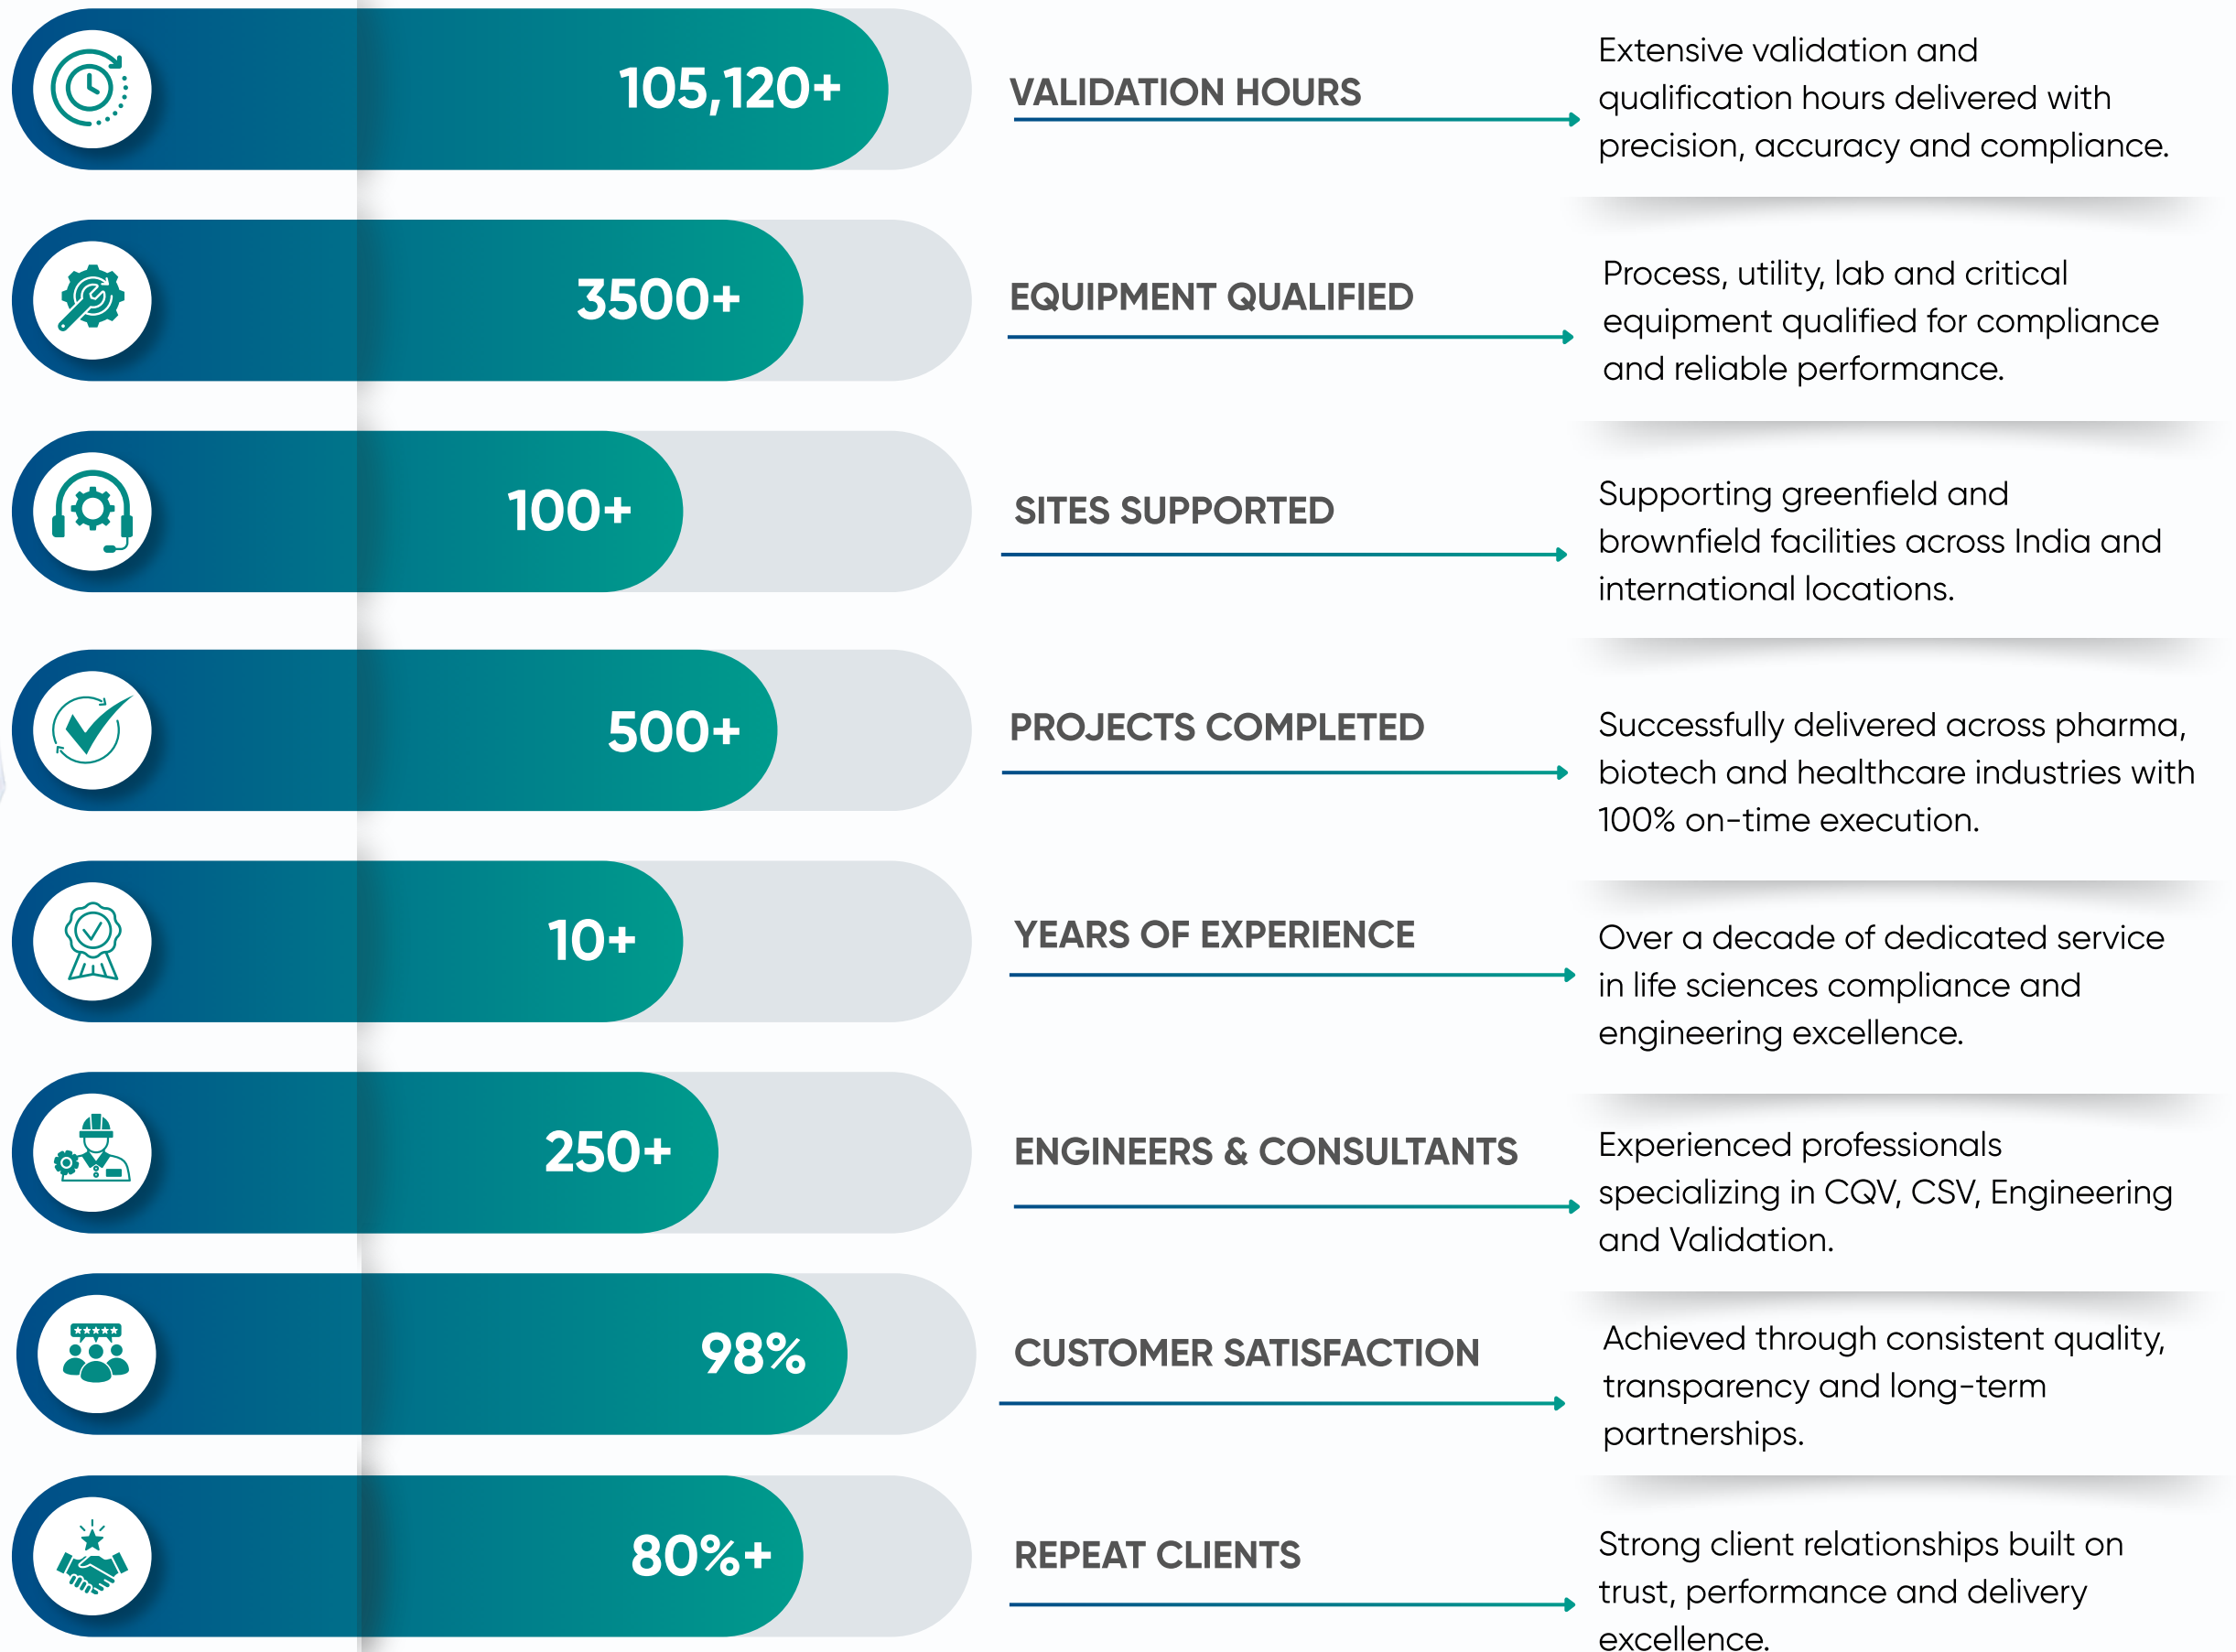

DIGITAL SOLUTIONS

Leverage the power of IncepOne – our digital platform for real-time tracking, automation, and data integrity.

PROVEN EXECUTION CAPABILITY

500+ successful projects across pharma, biotech, and healthcare industries with consistent quality and client trust.

INCEPBIO BY THE NUMBERS

Real Feedback from Valued Partners

**Biocon**
Team Engineering

Timely Delivery. Dedicated Support.
Successfully completed HVAC Revalidation activities with technical expertise, professionalism, and commitment to quality.

★★★★★

**Syngene**
Team Engineering

Rapid Turnaround. Reliable Partnership.
Delivered HVAC Revalidation within a challenging 21-day timeline through exceptional planning and execution.

★★★★★

**Biocon**
Team QA

Excellence in Execution. Strong Collaboration.
Recognized for professionalism, technical competence, and a customer-centric approach in validation services.

★★★★★

**Aurigene**
Team Engineering

Technical Expertise. Seamless Execution.
Provided valuable support for HVAC Revalidation with strong technical capabilities and smooth project coordination.

★★★★★

Real Feedback from Valued Partners

DIA-LAB
Team Engineering

Excellent Support. Timely Delivery.
Successfully completed Thermal Mapping activities with accuracy and within committed timelines.

Dr. Reddy's
Team Engineering

Professional Approach. Reliable Execution.
Demonstrated strong technical expertise in successfully completing HVAC Revalidation activities.

**Pasteur Institute
of India Coonoor** *Team QA*

High Quality. Great Collaboration.
Delivered Cleanroom Validation activities with high quality standards and excellent collaboration.

Strides
Team Engineering

Knowledgeable Team. Smooth Execution.
Provided seamless support for HVAC Revalidation activities with strong technical expertise.

A Legacy of Trusted Partnerships

incept**bio**

Recognized. Respected. Recommended.

InceptBio Honored as

“Premier Partner of the Year”
